

United Insulated Structures Corp.

CLIENT:

The Crown Group
Algonquin Town Center
Algonquin Illinois

PROJECT GOAL:

To provide all design, engineering and construction for the development of a new 78,000 square foot Retail Shopping Center and a 536-space parking lot. Also included are outlet and tenant improvements for space to be occupied by Schultz Sav-O Stores, Inc. and True Value Hardware store to follow.

COMMENTARY:

The Crown Group called upon UISC to help in the development of one of its northwestern Illinois properties. The scope of this project included the construction of the Algonquin Town Center (a retail shopping center), its adjoining parking lot and the build out of retail tenant space in the interior of the Schultz Sav-O Stores "Piggly Wiggly" grocery store.

Total Project including design, permit process and construction was completed within ten months after the contract was awarded.
